Fiona Povey Hair Salon has been trading for 35 years.

During that time Fiona has trained some fantastic hairdressers. Many of whom are still enjoying their chosen career having had families of their own and return to work part time. Some have gone on to own their own salons, some are teaching at local colleges. One stylist went to work on a cruise ship and is now working abroad. Some stylists have worked with the big colour houses and companies such as GHD, while others have moved into theatrical make up and TV work. The core of the team at the salon now have all trained with Fiona Povey and been working for many years developing their skills to become part of the management team.....

The important thing is they all still love their work...

Fiona and the team are dedicated and passionate about the job, wanting to delight and excite their clients as well as keeping ahead of fashion and learning new techniques for colouring and styling hair. We have regular training sessions in the salon with our suppliers and often send our staff to London for extra training days.

We are always on the lookout for new and exciting talent... If you would like to join our team please send an application form along with your CV and we will be happy to invite you for an interview and a trial day.
